

TECHNICAL DATA SHEET

Product: IsoEdge Stop End
Issue Number: 001
Issue Date: Sept 2020

Product Information

Description

IsoEdge Stop Ends are acoustic shuttering pieces with perforated break out sections that allow individual pieces to be joined together.

Application

Acoustic insulating shuttering designed to isolate flooring penetrations such as service pipes through screed layers, for use with the IsoSonic range of floor and ceiling systems and in Robust Detail approved constructions.

Appearance & Packaging

Supplied in stock sizes:

- 150mm x 300mm,

Physical Properties

Thickness: 25mm
Density: 18 - 30kg/m³
Flammability Rating: B2 (DIN 4102)

Environmental Data

O-Zone Depletion Potential: Zero
Global Warming Potential: < 5
